4. SRC Report - Serena Lange

Casual Days:
The last casual day was held on Friday of Week 5 (23rd August) with the theme of future careers selected by the year 12 students. At lunch time the SRC organised the sale of hot chips and a sausage sizzle with music played in the courtyard. The left-over food from the sausage sizzle will be used and sold at our next casual day in week 9 (20th September). Money raised on this casual day will go towards the Kick Start for Kids foundation, and the SRC will also be selling novelty patterned socks to raise additional funds. The SRC have also received correspondence in regard to holding a “Shout Out” day in November to thank CFS volunteers which we plan to pair with the Superhero casual day held by the library in Term 4.

World Vision Australia:
The SRC received a letter a couple weeks ago, informing us that the world vision community, the Phoukhoun community, we have been supporting is now self-sufficient. Our sponsorship with this community will come to a close on the 30th September and from there we will continue our sponsorship with World Vision Australia through sponsoring a child. In our SRC meeting today, it was unanimously voted that we continue supporting World Vision and will be sponsoring Bin Geetha Arachchi Nakandage; a 9-year-old boy from Sri Lanka.

House Teams:
This term the Year 10 and 12 House Captains have been meeting to organise house activities for both junior and senior students. The SRC have been very impressed with the year 10 captains’ contributions and organisational skills in planning and running a basketball competition during Student Development times. The SRC encouraged the year 12 House Captains to organise a dodgeball competition as a result of the successful netball competition. Unfortunately, a lack of effort and commitment from the year 12’s has led us to rethink the application process to ensure nominated House Captains are the best people to fill their roles. Over the past two years, students who have not been ready to take the responsibility needed to be House captains have nominated themselves and been appointed through a ‘popularity’ vote. We are hoping that by making this a more formal role that it will eliminate this issue. A Job and Personal Specifications application form has been created for the year 12 House Captains. This is inclusive of a contract the captains will need to uphold so they are aware of what their responsibilities are when they nominate themselves.

Toilet door Murals:
Over the past few weeks, SRC members have chosen designs and continued organising the painting of quotes and images on the toilet doors. Once a purchase order has been finalised, the paint will be bought and the painting of the murals will be done by the end of this term. We have had multiple students volunteer to paint, however, it would be good to see more male students involved with this.

**Electronic Sign:**
The majority of the money raised from casual days this year will be going towards the purchasing of an electronic sign for the front of the school. This has been something the SRC has been aiming for over the past couple of years. At a recent SRC meeting, Mrs Walker presented the SRC members with three possible design options which we voted on. Pictured below are the three sign designs, and the SRC students have voted for design ‘c’ as their top preference.

**RECOMMENDATION**: Governing Council/Parents have an introduction/training session to learn how to use Daymap effectively. Daymap App is currently not showing as a message waiting. Every page/document has been reviewed and responsibility for updating has been shared. Progress is being regularly monitored at Leadership meetings.

Approval has been gained by school from state and local government. SRC, staff and Buildings and Grounds looked at the 3 possible options for the sign and have agreed on the one below – not good graphics – but the idea is there!

We are currently looking at the possibility of solar panel for power for the sign.

The sign has been ordered.

<td>Request from SRC: The SRC has recently been looking at suggestions from Sports Day for new PE T-shirts. The main suggestion gathered was that students would like shirts that co-ordinate with their house colours as opposed to having only yellow shirts where only students from the Light House Team would be able to wear on Sports Day. Mr Jones has already brought in examples of these types of shirts from his old school and showed them to the SRC. If you would like to let us know your opinion it would be greatly appreciated. Gerri has taken this to Executive Team and we are proposing that the Uniform Committee be re-instated to consider this request.</td>

DEBTORS: Accounts Receivable

Period 6 Debtors total 170,841.46 which comprises:
School Families $123,690.62 (191 families / 835 families approx. 23%)
Customers $ 11,526.60 (7 customers)

Overview of Debtors:
Approved school card to date – 224
Payment arrangements – 21 families
Yet to apply for school card – have advised will do – 14
Families that have not responded or not kept payment arrangements – 67

Follow up of Debtors:
Steps taken to recover M&S fees:
• Statement & letter 9/4.
• Statement & Final letter 11/6.
• School newsletter each issue – reminder to pay outstanding M&S & how to apply for school card.
• Finance Office has been making phone calls – initially targeting families who have previously been approved school card & not yet applied in 2019.
• Calls to non-school card families to seek payment or make payment plan.

Finding that many do not answer phone & don’t reply to messages.
Families have also been emailed with a copy of the M&S invoice – many do not respond.

Finance Office report that it is becoming increasingly difficult & frustrating to get families with outstanding invoices to respond & pay. Some make promises to pay/ payment arrangement & then don’t make payment as agreed, don’t respond to follow up calls.

Can Governing Council do write up for newsletter / Day Map message to encourage families to pay outstanding invoices?
Is a review of our timeline and policy needed for debtors for 2020?

SUMMARY for JULY 2019:

From Balance Sheet: Period 7 shows a Profit ($ 12,980.97) and YTD Surplus of $652,597.51
Variances are highlighted below for July 2019. The variances to budget are mainly attributable to:

**INCOME**

*Under Budget (ie received less than budget allocation for month)*

- **RES JULY 2019:** Expected RES income is below budget prediction at this time by $45,845. Timing of allocation and payment of funds to us by the dept has a bearing on this. The budget was set before "final" RES was issued in June 2019, therefore variances can / will occur. At this point, we know what are final RES will be totalling $11,515,727.
  
  Actuals for July are under projections, however, actuals YTD are above budget YTD and in scope.

- **PARENT CONTRIBUTIONS JULY 2019:** Parent payments are below the allocated budget expectations for month, however against YTD, money received from Jan to July inclusive exceeds our projected budget income.

*Over Budget (ie received more than budget allocation for month)*

- **OTHER INCOME SOURCES JULY 2019:** Across all accounts in this line, our YTD is positive with income of $43,342 exceeding budget projections for July by $40,233. YTD is at $71,694 over budget expectations.

  Notable income to EOM July :
  
  - **MUSICAL:** Revenue of $31,020 (via Ticketec sales)
  - **WINE SALES:** Wine sales $1,786. YTD Rev of $15,089.

**Non Budget items**

- Non Budget Revenue – offset against Non-Budget expenses. Includes Musical, Camps, Pathways etc

  - **MUSICAL:** Revenue of $14,880 (via Invoice / direct sales to students for matinee)
  - **INTEREST REVENUE:** $6,502
  - **ELECTRONICS:** $5,695
  - **SSO / TRT SALARY:** $10,075

**Accrued Revenue**

- In line with DFE distribution formula.

**EXPENSES**

*Under Budget (ie expenses not accrued for these lines to date)*

- **SALARIES JULY 2019:** Salary exp below budget for month. YTD exceeds however due to claims outstanding. Still waiting for a reply from DFE to see if they can advise when our TRT claims will be processed.

- **CURRICULUM MAINTENANCE:** Spending less than budgeted to EOM. Expense lines close off mid Sept and spending in Aug / Sept will reflect use of many budget lines.

- **ADMINISTRATION:** Spending less than budget. Expenses only occur per need.

- **SITE FUNDED WORKS 2019:** YTD general savings.

- **OTHER EXPENDITURE JUNE 2019:** General savings June & under budget by $30,48. YTD in scope with annual budget – under budget by $175,692.

Dear Parents/Caregivers,

The AEU (Australian Education Union) currently has a *Focus on Teaching and Learning* with members wishing to address workload issues. One of the actions the local sub-branch is taking in enacting the fundamental conditions under which they are employed is to adhere to the ‘Curriculum, pedagogy, assessment and reporting: early childhood services to year 12 policy.’

This policy states:

*All educators reception to year 10 must report formally twice per year, in writing, to learners and their parents/carers about the learner’s progress and achievement in relation to the Australian Curriculum achievement standards for all learning areas using the grades A-E or word equivalents. In addition schools are expected to provide descriptive reporting about the learner’s engagement and achievement, about what they have learnt, what they need to learn next, and how the teacher, student and parent can support these next steps to happen. Schools can choose the mode in which they provide descriptive reporting to parents/carers that is most appropriate to their context.*

*It is expected that the progress and achievement of senior secondary learners are reported in writing to learners and their parents/carers a minimum of twice per year. Those learners who have successfully completed all the requirements of the SACE are provided with the qualification.*

The current agreement at the school is:

Nuriootpa High School staff will formally report engagement and achievement four times per year with Term 1 and 3 reports being progressive reports and will indicate students’ engagement and achievement via an A+ to E- grade, with an option of topics studied.

Term 2 and 4 reports (for semester length courses) will be final reports and will indicate students’ engagement and achievement via an A+ to E- grade, with topics studied throughout the semester.

In addition, at least ONE significant task per semester must be reported against with a descriptive comment and grade.

To undertake this action at a site level it has been determined that for semester 2, 2019:

- Year 12 students will get their normal report at the end of term 3, with at least one significant task reported against with a descriptive comment during this term on DayMap.
- Years 8 – 11 students will receive a term 4 report with at least one significant task reported against with a descriptive comment during the semester on DayMap. This means that there will NOT be a report for these students at the end of term 3. Please note that teachers will continue to provide feedback and grades to their students throughout the semester via DayMap.

Yours sincerely

Gerri Walker

The following procedures must be followed where the Governing/School Council intend to poll parents and seek majority support to increase the legally recoverable amount.

**Step One – Prior to undertaking the poll**

The Governing/School Council must ensure the following processes are complete in setting the Materials and Services Charge:

- The ‘notice’ has been endorsed by the Department.
- The ‘notice’ has been sent to all parents/caregivers.
- All parent/caregivers have been invited to the Governing/School Council meeting where the proposed Materials and Services Charge was discussed.
- The Materials and Services Charge has been determined in accordance with the requirements outlined in this document.
- The Materials and Services Charge has been approved by the Governing/School Council.

**Step Two – Intention to poll**

Before polling the Governing/School Council must:

- Understand that where the charge is less than or equal to the standard sum there is no requirement to conduct a poll.
- Understand that they can charge higher than the standard sum without polling, but the difference will not be legally recoverable in the event of non-payment.
- Understand that where the poll is not successful that all materials and services listed on the notice must be provided to all students.
- Consider the communities response to the poll and the probability of a successful poll.

**Step Three - Determine the scope of the poll**

**Who to poll**

The Act requires that all persons who, in the opinion of the council (subject to the requirements of the Act), would be liable for the greater amount, if such an amount is approved by the Chief Executive/or delegate, must be given the opportunity to participate in a poll. This includes:

- All persons who are likely to be affected by the increased charges for the year subject to the charge, including School Card holders.
- In the case of students who will not commence at the school until the following year (e.g. year 8 or students commencing reception), parents will only be polled if they have enrolled their child prior to the date of the poll.
- This excludes those students who will not be attending the school in the following year (e.g. year 7 students in primary schools and year 12 students in secondary schools).

**Number of polls required**

A separate poll is required for each separate Materials and Services Charge approved by the Governing/School Council. For example:
The Governing Council of a Reception to Year 7 School has approved the following Materials and Services Charges; Reception to Year 2 is $280 and Years 3 to 7 is $300. In this circumstance two independent polls need to be conducted, one for the Reception to Year 2 and another for Years 3 to 7.

The Governing Council of a Secondary School has approved the following Materials and Services Charges; Year 8 or 9 is $330, Year 10 is $340 plus subject charges, and Years 11 and 12 $350 plus subject charges. In this circumstance the school would need to conduct three independent polls, one for Years 8 and 9, another for Year 10, and a third for Years 11 and 12.

Polling letter and voting slip

- The Governing/School Council must use the attached polling letter and voting slip proforma.
- The applicable dates of when the notice was sent to all parents and the meeting date the Governing/School Council approved the charge must be inserted into the polling letter.
- The polling letter must be sent to parents/caregivers on the school’s letterhead.
- The polling letter must include a closing date which allows reasonable time for parents/caregivers to provide a response (recommended 2 weeks).
- The polling letter must be signed by the Governing/School Council chairperson.
- A Returning Officer must be nominated and their name included on the voting slip. The Returning Officer must not be involved in the counting of the votes.
- Where deemed by the school as being required, a process to ensure that parents/caregivers only submit the appropriate number of votes is determined.

Step Four – Conduct the poll

- It is imperative that all parents/caregivers (including all School Card holders) affected by the increased charge receive the opportunity to vote. Where parents/caregivers affected by the charge are not given the opportunity to vote the poll will be deemed invalid.
- Schools that undertake a poll must post the polling letter and voting slip to each parent/caregiver who is to be invoiced for the Charge.
- Each family is entitled to one vote per student per poll. For example, a family with two children, one in Reception and another in Year 3, using the example in step three, would have one vote in the Reception – Year 2 poll and another vote in the Year 3-7 poll. For a secondary school, a family with two children, one in Year 8 and another in Year 9 would receive two votes in the poll for the Years 8 and 9.
- Reasonable time (recommended 2 weeks) must be allowed between the date on which the polling letter and voting slips are sent to families and the closing date of the poll.
- Confidentiality of the respondents is essential.

Step Five – Outcome of the poll and approval of the ‘prescribed sum’

- The poll is only valid for the proposed school year, and the majority (a simple majority eg 51%) is based on the number of respondents for each individual poll.
- Once the votes have been counted and a majority has been ascertained, the Governing/School Council must seek in writing the approval of the ‘prescribed sum’ from the Principal. The Chief Executive has delegated the approval of the ‘prescribed sum’ to the Principal.
- In approving the ‘prescribed sum’ the Principal must ensure that the poll was conducted within the requirements, and that all documentation is kept relating to the outcome of the poll. This documentation including the signed approval of the Principal may be subject to an audit.
Step Six – Inform parents of the outcome of the poll

- All parents must be informed, in writing, of the outcome of the poll, and where applicable approval of the ‘prescribed sum’ prior to or at the time of invoicing. The school must ensure that they use all communication mediums to ensure parents are aware of the outcome of the poll.

Step Seven – Raise the invoices

- Once the poll has been finalised and the parents have been informed of the outcome, the Materials and Services Charges invoice can be raised within EDSAS for the Materials and Services Charge. The invoice must reflect the subtotals of the ‘Notice’. Refer 4.2.13 for further information.
- A copy of the invoice may be subject to an audit to ensure compliance with the legislation and Administrative Instructions and Guidelines.
Dear Parent

Section 106A of the Education Act 1972 enables schools, in consultation with the school council/community, to continue to set, collect and recover a materials and services charge.

A copy of the proposed Materials and Services Charges notice for 2019 as set by the Governing/School Council was distributed on the .................., and approved by the Governing/School Council at a meeting held on the ..........................

Section 106A stipulates that a materials and services charge is recoverable as a debt due to the school council, for an amount known as the ‘standard sum’. The ‘standard sum’ for 2019 is $241 for a primary student and $318 for a secondary student. In addition to the ‘standard sum’, the legislation allows the Governing/School Council on application to the Chief Executive (or delegate), to apply for an increased legally recoverable amount, known as the ‘prescribed sum’.

At the above mentioned meeting the school recommended that an application to the Chief Executive (or delegate) to increase the legally recoverable amount be endorsed. Prior to the Governing/School Council applying, the school must conduct a successful poll, which demonstrates that a majority of the respondents are in favour of legally recovering an amount higher than the standard sum.

The Governing/School Council therefore asks that you support their recommendation to increase the legally recoverable amount to a ‘prescribed sum’, which is the core Materials and Services Charge of $........... for year level/s ...., plus any subject charge for those subjects chosen by the student for 2019.

If the majority of parents vote in favour of the higher amount (that is the core Materials and Services Charge plus any applicable subject charges), then all parents (excluding approved School Card holders) are liable for this charge. Each family is entitled to one vote per student per poll, with a majority based on the number of respondents. If parents would like to submit an individual vote please contact the Returning Officer for an additional voting slip. The poll closes on the ................................

If you have any questions, please contact the Principal or myself.

Yours sincerely

CHAIRPERSON, GOVERNING COUNCIL

Date:
I/We support the Governing/School Council’s recommendation that the 2019 Materials and Services Charge be set at the core Material and Services Charge of $........... for year level/s ... plus any subject charge, where applicable, to be known as the ‘prescribed sum’. I/We understand that by voting in favour of the higher amount that this (core Materials and Services Charge plus any applicable subject charges) amount becomes legally recoverable in the event of non-payment.
